

Carte écoforestière

STRATIFICATION ÉCOFORESTIÈRE

Paramètres utilisés pour la cartographie

| Code | Description | +7m | -7m | Improductif | Non Forestier |
|------|-------------------|-----|-----|-------------|---------------|
| EM | Essence de Sapin | X | X | X | X |
| EN | Essence de Spruce | X | X | X | X |
| EV | Essence de Pin | X | X | X | X |
| ME | Mélange hybride | X | X | X | X |
| MA | Mélange résineux | X | X | X | X |
| FE | Feuilleux | X | X | X | X |

Exemple d'appellation

| +7m de hauteur | -7m de hauteur | Intervention d'origine | Intervention partielle | Improductif | Non forestier |
|----------------|----------------|------------------------|------------------------|-------------|---------------|
| EM | EN | CT 2007 | EP | DH | NF |

TYPES DE COUVERT ET ESSENCES
 Les résineux constituent 75%+ de la surface terrière du peuplement.

MIXTE À DOMINANCE RÉSINEUSE
 Les résineux constituent de 55% à 74% de la surface terrière du peuplement.

MIXTE SANS DOMINANCE
 Les résineux constituent de 45% à 54% de la surface terrière du peuplement.

MIXTE À DOMINANCE FEUILLEUX
 Les résineux constituent de 25% à 44% de la surface terrière du peuplement.

FEUILLEUX
 Les résineux constituent moins de 25% de la surface terrière du peuplement.

| CODE RÉSINEUX | CODE FEUILLEUX | CODE FEUILLEUX |

CLASSES D'ÂGE

| PEUPLIEMENTS ÉQUIVENS | 10 | 30 | 50 | 70 | 90 | 110 | 130 |
|-----------------------|-----------|-----------|-----------|------------|-------------|---------------|-----|
| (0 à 20) | (21 à 40) | (41 à 60) | (61 à 80) | (81 à 100) | (101 à 120) | (121 et plus) | |

Structure verticale des tiges de 7 m et plus

| Étage | Intérieur (INT) | Supérieur (SUP) |
|------------------------------|---|-----------------|
| Monotage (MO) | Un seul étage composé de tiges homogènes en hauteur et en densité > 25% | |
| B-étage (BI) et C-étage (CI) | Couverture > 25% et Couverture > 25% | |
| Multitage (MU) | Plus de 2 étages de tiges de 7 mètres et plus. Se retrouver dans cette catégorie les peuplements jeunes irréguliers (JIR) et vieux irréguliers (VIR). | |
