

STRATIFICATION ÉCOFORESTIÈRE

Paramètres utilisés pour la cartographie

Table with 5 columns: Code, Description, >7m, 7m, Inproductif, Non forestier. Lists various codes and their corresponding characteristics.

Table titled 'Exemple d'appellation' showing combinations of codes and their resulting classifications.

TYPES DE COUVERT ET ESSENCES SELON LE PROGRAMME D'INVENTAIRE

RESAUX: Peuplement dont plus de 75% de la surface terrestre totale est occupée par les essences résineuses.

MELANGES: Peuplement dont les essences feuillues et résineuses occupent individuellement plus de 25% et moins de 75% de la surface terrestre totale.

Table mapping codes to tree species names in French, categorized by 'ESSENCES RÉSINEUSES' and 'ESSENCES FEUILLUES'.

Table mapping codes to tree species names in English, categorized by 'ESSENCES RESINOUS' and 'ESSENCES LEAFY'.

(1) Carpin, Chêne, Frêne, Hêtre, Noyer, Orme, Saule, Tilleul, Tilleul à petites feuilles.

(2) Épicéa, Pin, Sapin, Spruce, Douglas, Mélèze, Pin gris, Pin rouge, Pin blanc, Pin d'Australie, Pin de Hongrie, Pin de France, Pin de Corse, Pin de Sicile, Pin de Sardaigne, Pin de Calabre, Pin de Tunisie, Pin de Liban, Pin de Chine, Pin de Corée, Pin de Japon, Pin de Chine, Pin de Corée, Pin de Japon, Pin de Chine, Pin de Corée, Pin de Japon.

INDICES DENSITÉ-HAUTEUR

Table showing density and height indices for different classes of stands, with columns for density and height ranges.

(1) Information provenant d'images satellite.

CLASSES D'ÂGE

Table showing age classes for different stand types, with columns for age ranges and stand types.

PERTURBATIONS D'ORIGINE

Table mapping disturbance codes to their origins and corresponding management interventions.

PERTURBATIONS MOYENNES

Table mapping average disturbance codes to their descriptions and management interventions.

TERRAINS FORESTIERS

Table mapping terrain codes to their designations and slope/inclination classes.

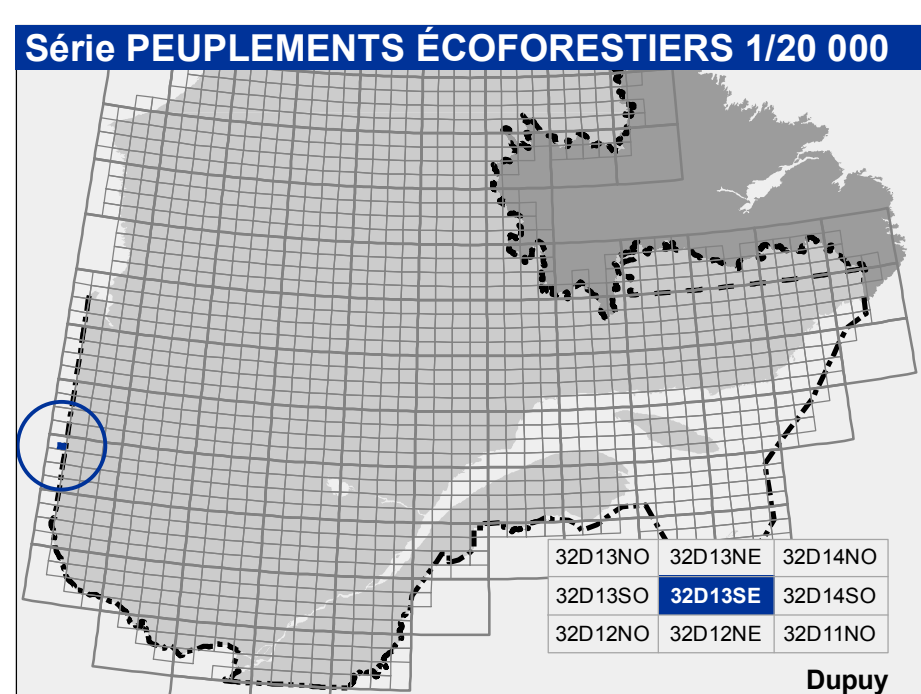

Table describing communication routes and bridges, including codes for roads and bridges.

Table describing hydrography and infrastructure, including codes for water bodies and structures.

Table describing forest population, including codes for different types of forest stands.

Table describing contour lines and marshes, including codes for elevation and wetland features.

Table providing metadata for the map, including source, date, and scale information.

Table providing source information, including the organization and contact details.
